

## 13 HYLAND CREST SALARIES TO TOTAL OVER \$158,000 IN 1977

Some 13 non-union, supervisory employees at Hyland Crest Senior Citizens Home in Minden now earn a total of more than \$158,000 a year following a pay hike quietly granted by Haliburton County Council in mid-March, but only revealed this week.

Granted, and approved for inclusion in County Council's 1977 budget, the salary increases averaged eight percent, well within AIB guidelines.

Details of the salary increase were not disclosed until this week however, when they were leaked to the Progress by a member of Haliburton County Council.

County Council's consideration of its annual budget, including all such details, was made in camera behind closed doors this year.

The 13 employees in question now average over \$12,000 a year each, their new salaries ranging from a low of \$8,910 to \$15,000. They include:

|                         |               |
|-------------------------|---------------|
| Administrator           | \$15,000      |
| Maintenance Supervisor  | \$11,900      |
| Nursing Supervisor      | \$14,200      |
| Registered Nurses (5)   | \$13,260 each |
| Housekeeping Supervisor | \$9,625       |
| Office Supervisor       | \$10,000      |
| Secretary               | \$9,000       |
| Activities Supervisor   | \$8,910       |
| Kitchen Supervisor      | \$13,100      |

Hyland Crest provides facilities for a maximum of 60 senior citizens and currently has 58 in residence.

The salary increases granted for 1977 and retroactive to January 1 of this year, now raise the Home's supervisory costs for the year to an average of over \$2,700 per resident.

### Tops

These four exuberant members of the Minden area Scouting movement were deemed the top four out of 60 Beavers, Buvs, Scouts and Ventures in tree-planting at Minden Co-

munity Centre grounds a year ago and so last Monday night they were presented with this special Minden Rotary Club trophy for their efforts. Above, they are: David Pratt,

Stanley Brown, Mike Pearson and Ton McCloskey with Minden Rotary President Dick Schell officiating. Area scouting enthusiasts have planted some 10,000 trees in the past

three years, 4,000 last year alone, and plan to plant still another 4,000 this Saturday. The boys were judged on how well they did in obtaining pledges, getting the money in

and in tree planting. Currently area Scouts are trying to raise some \$1,900 to send 14 local scouts to a Canada-wide Scouting jamboree at Prince Edward Island this summer.

## County projects share in \$85,000 grant

Seven Haliburton County organizations and municipalities are included in the allocation of over \$85,000 for the riding of Victoria-Haliburton under the 'Young Canada Works' program, according to Bill Scott, M.P. Included is a grant of \$3,520 for improvements

Constable Bob Pearson stopped a car on Highway 530 to conduct a routine license check.

The check revealed that the car had been stolen some time before in Hamilton.

Charged with possession of

stolen property and driving while disqualified is 25 year-old Randal Blake Scott, of RR 1, Huntsville, a former resident of West Guilford.

Approval was granted for some 19 projects across the riding under a job-creation program administered by the Ministry of

Manpower and Immigration. The Municipality of Stanhope will receive \$3,520 for an information survey to be conducted this summer while Monmouth Township will receive the same amount for their recreational program. A similar amount is also allocated for the Harburn Indian Natural Wells project in Haliburton, as well as the Recreation and Planning in Cottage Country study to be held in Minden.

Some \$4,987 goes to Camp Kakeka in Haliburton for

## "Ruddigore" rapidly approaches

This year, Haliburton Highlands Secondary School Glee Club has been working, diligently in preparation for opening night of W.S. Gilbert and A. Sullivan's 'RUDDIGORE' or 'The Witch's Curse'. This two act operetta combines an amusing plot and dialogue with light-hearted music. Choreography, costumes and special effects contribute to this delightful performance.

Each member of the Glee Club has given much time and effort (including week-

ends) since September to make this production a success. Without Director and Pianist, Mr. Bill Giddon, this would not have been possible. It is through his dedication and encouragement that the students have produced what will be an entertaining and rewarding experience. On May 4, 5, 6 and 7 in H.H.S.S. Auditorium at 8.00 pm., 'Ruddigore' will be presented to you, the people of Haliburton County. Plan now to attend.

## Routine check pays off

A routine check of a passing license number by Ontario Provincial Police has resulted in the recovery of an automobile stolen from a Hamilton car dealer and the arrest of a Huntsville man. Just before noon, a week ago last Monday, Provincial

Secretary-Manager  
Res.  
457-1110

'The Haliburton Highlands Chamber of Commerce'

Last February the Chamber applied to Manpower and Immigration for a Young Canada Works Program Grant. We were really pleased this week to hear that our application has been approved for \$3,500.00 which will provide 24 weeks of work for students this summer. The program is called 'Spruce up for Tourism' and entails a complete facelifting for the Chamber office and surrounding property on Hwy. 35. The building will get a complete coat of paint both inside and out and the grounds will be considerably improved. It is even hoped that a trail along with some picnic facilities can be provided at the rear of the building on the hill. Last week we mentioned in this column that the county in general should be spruced up for the coming tourist season and we are certainly pleased that the Chamber, through this program, will be able to set a good example. It should be noted that the students for this program and any other Young Canada Works program will be hired through the Canada Manpower office and in particular our Outreach office in Haliburton. Any students who have not yet found work for the summer should register at the Haliburton office.

In addition to our Spruce up for Tourism program the office will also be brightened up by a new illuminated sign that will feature announcements of coming events and attractions throughout the County. This sign is similar to the ones already in place by the Post Office in both Haliburton and Minden and twenty members of the Chamber of Commerce have taken advantage of the opportunity to advertise on the perimeter of it. Frank Dunsford tells us that the company expects to have the sign erected by the 24th of May weekend. This new feature is just one more reason why all organizations should make a particular point of advising the Chamber of all their coming events and attractions. We can only promote it if you tell us about it.

The Ministry of Industry and Tourism this week sent us a single advance copy of the 1977 Travellers Encyclopedia of Ontario. Ministry has been telling us for quite some time what a tremendous piece of advertising material this item would be and are justly proud of it. To those of you who recall Haliburton being left off the map in the original version of this encyclopedia rest assured that Haliburton has good coverage in this particular issue. Four hundred thousand of these books are being produced and hopefully will give Ontario's tourism a well needed shot in the arm this coming season.

Log cabin building classes ran at Camp Kandalore last summer were such a tremendous success that the Haliburton School of Fine Arts is undertaking a similar project his summer. The course is listed in the school's new edition of Summer and Fall classes and will take place in two sessions, one from July 4 to 15th and one from July 18 to 29th. The fee is \$90 per session and will include actual construction of a log building under the direction of Doug Driver from Peterborough. The course last summer was over subscribed almost as soon as it was announced so if you are interested we would suggest you contact the School immediately.

The Chamber is presently getting inquiries from time to time for accommodation for people who will be working in the Haliburton area this summer. Regular tourist accommodation is, of course, too expensive for somebody who is going to spend two to three months working in the area and we are therefore hard pressed to offer concrete suggestions to these people. We would certainly be pleased to hear from anyone who would like to take in roomers or boarders at this time of the year.

They tell us that over in Gooderham they are planning the biggest fireworks display ever for this year. The display will be staged on the Sunday evening May 22 at the ball park and an admission charge of only \$2 per car will be in effect. This is the only fireworks display we are aware of in the County and we understand the folks down there have always put on a very worthwhile exhibition.

The County Fair Board's dance last week in Minden was a whopping success and if that's an indication of things to come this must be the year for the Fair to really 'come alive'. Don't forget this is a County Fair and with the new date and with all this new life things should be really hopping in Minden this August 13th and 14th. Be part of it.

### COMING EVENTS

- May 4 - H.H.S.S. Glee Club presentation. Proceeds to Haliburton and Minden Scouts P.E.I. fund.
- May 21 - Minden Kinsmen Mayfest - Community Centre - Music by the Mystics.
- May 22 - Gooderham Fireworks Display at the Ball Park. \$2 per car.
- May 28 - Dance at the Minden Community Centre to Charlie Brandon and his band. Proceeds to the Minden Scout Fund to P.E.I. \$6 per couple.

## Ontario Slim is back

One of Ontario's top entertainers, 'Ontario Slim', returns to Minden and Bill O'Brien's Rockcliffe Hotel this Thursday, Friday and Saturday.

'Ontario Slim' - real name: Willis L. Robertson - last appeared in Minden over Labour Day weekend, 1974. He is well known in these parts and has headlined many shows in the area.

Music fans will remember Slim's many appearances in Minden in the early seventies when he entertained to packed houses. Slim has been performing for 21 years and not only plays music but also distributes and produces it as well.

He is a partner in the Barber/Robertson Distributing Company and is owner of Robertson Music Productions, producing such Canadian country stars as Orville Prophet and Gary Buck. His varied business interests include Frank Allen Distributing Company, distributors of Filter Queen Products, manufacturers in

the home sanitation and filtration field. In fact, Slim said the company is considering moving a sales crew to Minden in June.

Slim, and his band, The Weightwatchers (what else), will be the recipients of a special presentation at the Rockcliffe Hotel, Saturday night by local music enthusiasts.

He is currently considering contract offers for a new album for release in the near future.

**Perform a death-defying act.**

**Have regular medical check-ups.**

## Police charge 2 drivers

Damages totalling some \$5,000 resulted from three separate single vehicle accidents last week, in which two drivers were charged.

Bert A. Madill, 20, of Gooderham has been charged with careless driving and failing to wear a seat-belt following an accident on County Road 3 early last Tuesday morning.

Madill was southbound, rounding a curve, when his car entered the east ditch and struck a rock cut, causing some \$1,000 damage to his 1968 car.

Investigation by Provincial Constable Ron Buchanan.

An accident which occurred April 1st but was not reported to police until Monday, April 18 has resulted in a charge of failing to report a collision against the driver, 29 year-old William H. Pollard of Norland.

Pollard was southbound on Highway 35, south of Minden, when he lost control of his 1973 pick-up while rounding a curve, entered the east ditch and struck a rock cut. Damage is estimated at about \$2,000.

Investigation by Provincial Constable Weldon Popp.

A runaway milk truck caused some \$1,500 damage to a Haliburton house early last Saturday morning.

Allan Vernon Cox, 29, of Minden had parked his 1969 Kawartha Dairy step van on a steep grade in Haliburton Village while he delivered milk to neighboring homes. Suddenly the truck started off on its own and thundered downhill, striking the front porch of Murray Watt's house, causing some \$1,500 damage to the house.

Investigation by Provincial Constable Bob Rollins.

# Heroic police, fireman braved icy river in vain rescue bid

## RADIO EMERGENCY ASSOCIATED CITIZEN'S TEAMS

It is a fact that according to the 'General Radio Regulations, made under the Radio Act', it is illegal in Canada to initiate a G.R.S. call without using your 'call numbers', as issued by the Department of Communications.

According to Regulation 75.3, 'A licensed station shall transmit its assigned call sign:

- (a) at the beginning and at the end of each exchange of communications in which it is engaged, and
- (b) at the end of each test transmission'.

In a courageous but vain attempt to save the life of Mrs. Emily Loucks, who drowned in her car in the Gull River last Tuesday evening, Minden fireman Bob Wells and Ontario Provincial Police Constables Bob Wood, Jim Martin and Al Bibby tried repeatedly to free the trapped woman.

In this sequence of photos we can trace the rescue bid from its beginning.

Top-left: Minden fireman Bob Wells walks along the roof of the submerged car;

top-right: Wells prepares to dive into the 50 degree Fahrenheit river water in a futile bid to open the car door; centre-left: while Wells rests after spending some 15 minutes in the icy water, P.C. Jim Martin keeps a firm grasp on fellow rescuer, P.C. Bob Wood; centre-right: Provincial Constable Bob Wood tries to open a door to free the trapped woman while Provincial Constable Jim Martin holds the boat, containing an exhausted Bob Wells, which they ob-

tained from a nearby resident Les Johnson; bottom-right: Acting Corporal Barry Connelly is finally able to open a car door after a Minden Texaco tow-truck winched the car to shore. With him are Provincial Constables Al Bibby, Jim Martin and Bob Wood. Coroner, Dr. Harry Good, of Haliburton pronounced Mrs. Loucks dead from asphyxiation, due to drowning.

## About Time

*The most immediate and potentially disastrous problem facing Canada today is not the possibility of a separate Quebec but the country's calamitous economic climate and in particular its soaring rate of unemployment.*

*As the rolls of the unemployed swell, so do unemployment insurance and other welfare payments, costs that an already gasping taxpayer finds overburdening.*

*We are now told that a high rate of unemployment must be expected for the foreseeable future and that we must simply adjust to it.*

*But, is the premise expounded in Ottawa and Queens Park of the inevitability of high unemployment a realistic one?*

*We think not, unless of course, we all subscribe to the view that there is little else to battle the ogre with than minor tax incentives to hopefully encourage the expansion of the small business sector of our economy.*

*Certainly, Canada's and Ontario's small businesses are the backbone of the country and the province and whatever direction go our small businesses, so goes our economy and our unemployment picture.*

*Like the rest of our economy, however, small businesses are stagnant from lack of encouragement and the recent tax and other incentives offered cannot possibly lift them out of their doldrums.*

*We suggest the implementation at the Federal level, with Provincial support, of the following two-point program:*

- 1. Provide low interest or no interest loans to small businesses for expansion purposes;*
- 2. Where small businesses augment their staffs and in so doing give employment to the unemployed, those businesses be reimbursed for wages and salaries paid to such persons to the extent of the unemployment benefits the UIC would otherwise still be paying them. This latter point, while not cutting unemployment insurance payment costs, would at least get some of our unemployed working, paying taxes, and contributing to the growth of our gross national product.*

*And about time, too!*

# Report from Parliament

by

William Scott M.P.

*The Budget—Mr. Scott*

Mr. W. C. Scott (Victoria-Haliburton): Mr. Speaker, in view of the competition for time I shall not be very lengthy tonight since I wish to give other members an opportunity to take part in the debate. My colleagues have already brought to light some of the shortcomings in the budget but I should like to bring to the attention of the House areas in which I am particularly interested since they affect my constituency.

The first of these is in respect to small businessmen's loans and assistance to small business people across Canada. For some time I have protested regarding the small Business Loans Act, pointing out that there are really no teeth in the legislation. Consequently it is difficult if not impossible for a businessman to secure a small business loan at preferred rates. On March 28 I asked the minister what plans he had to upgrade the position of the small businessmen, bearing in mind that their operations are particularly affected by the present slack in our economy. The Minister of State (Small Businesses) (Mr. Marchand) replied that the act was coming up for amendment at the end of June and that he would be proposing substantial amendments which would make it a much more effective piece of legislation.

I would like to suggest that action be taken to put teeth into the act or make whatever other changes might be necessary to make it easier for a small businessman to secure these loans. Over the past months several cases have been brought to my attention in which local bankers have approved applications for loans, but when these applications reached the head office they were turned down. The reason they were turned down is that at the present time there is more incentive for a bank to lend money at a higher rate of interest than to make loans which are guaranteed under the provisions of the Small Business Loans Act.

Many business people are wondering what good the Small Business Loans Act is when they find they cannot take advantage of its provisions. I have in hand a case which illustrates this situation. To begin, I would like to read, in part, from a letter received by one of my constituents from the Eastern Ontario Region of the Bank of Montreal. It states:

As you are aware, the intent of the Small Business Loans Act is to make available to small businesses, through provisions of a government guarantee, loans which might otherwise not be available. The bank has granted in the past, and continues to grant, business improvement loans in instances where the applicant qualifies and cannot reasonably be accommodated under one of its own programs.

The current interest rate on loans made under the act is considerably below the current market rate for similar loans without the government guarantee. Since loan rates under the act are not subsidized by the government in any way, we are naturally very selective in granting these loans under present market conditions unless our assessment of the risk indicates that the government guarantee is essential. In your own case, we do not consider it is necessary to call upon the government to support your requirements by provision of its guarantee and we are pleased to consider your needs on the basis of your own credit worthiness.

As you can imagine, Mr. Speaker, my constituent was not very encouraged to learn that even though he had a good credit rating, or, indeed, because of it, he could not qualify for a small business loan guaranteed by the government. The individual in question did write to the minister regarding this and I am sure the matter has been brought to the minister's attention.

Getting down to actual specifics, the individual in question was requiring financing of approximately \$50,000. He had no debts against his business and has owned and operated the business since 1950. There were no mortgages on his property and he was initially endorsed for a small business loan at the rate of 9½ per cent interest. The bank, however, determined that it would not give him such a loan and suggested instead a 10-year term loan at a rate of 10¼ per cent which would be subject to interest fluctuations.

I am sure it is obvious that something must be done in respect to this matter and I certainly urge the government and the minister to take those steps which are necessary to assist the small business people of our country. Well over half the labour force of Canada is employed in small business, and we certainly need more provisions in the budget which would give direct assistance to the small businessman. Failing this, I urge the minister to bring forth strong amendments to the Small Business Loans Act at the earliest possible date. In all fairness I must state that the minister in charge of the legislation has been co-operative and understanding. He is new in his position and I am sure that as time goes on he will carry out the long overdue measures which are needed to update this act. These loans are not as popular as they used to be. Not many are being taken out.

I believe the banking community of Canada, bearing in mind the success which the banks have enjoyed, ought to give more consideration to the small business community because any weakening of the small business community in Canada will quickly lead to trouble in many quarters. This is a consideration which the government should weigh carefully, because wise decisions here could benefit the economy not only of Ontario but Canada generally.

Another area which I should like to discuss concerns the Department of Regional Economic Expansion. On April 1 I questioned the minister regarding the status of the renewal of the ARDA agreement. I am sure that many other members have received representations from municipalities which are concerned that the ARDA agreement with the province of Ontario expired at the end of last month. I was assured that negotiations were going on and that they should be concluded shortly. In his answer to me the minister indicated that there was really no delay as many projects already had money allocated to them and would be carried on. The problem, however, is that until the agreement is renewed, new projects cannot be initiated. It is my understanding that the province of Ontario signed this agreement and that it has been in Ottawa for almost a month awaiting the minister's signature.

This is the time of year when many new ventures under ARDA should be getting under way. With the approach of spring—which our beautiful weather currently indicates is now—every day we lose is of serious consequence. As I say, the province of Ontario has signed the agreement and the minister has had it for almost a month. I do not understand why some action has not been taken to expedite a matter of great importance to rural communities in Ontario, and I urge the minister to make all haste.

I am sure that many individuals have benefited from another department, the Department of Regional Economic Expansion. However, I would suggest that the minister consider amending the formula whereby areas qualify for DREE funding. I urge the government to consider extending the area to which DREE applies to take in the counties of Victoria and Haliburton which I represent. In the northern part of my riding particularly the work force is geared to a large extent to tourism, and thus seasonal employment is a major factor. Should DREE assistance be available, I know it would be a great stimulus to the local economy and I trust that my suggestion will be taken into consideration.

In regard to the formula which is used, I have questioned what I thought were the officials in charge of DREE and I can truthfully say that I have never been given the exact formula under which areas are considered for DREE assistance. What the formula is, I do not know, but it should be broadened. I think I must say in fairness to our entire economy across Canada that too many areas are being deprived of DREE grants and loans. I think just giving a few chosen areas assistance is neglecting municipalities which, probably by a very fine line, because of the composition of their population, such as having many retired people in the area, or for one reason or another, fail to qualify under the formula.

I should also like to mention that I have been receiving a lot of correspondence, not just from my riding but from many places across the province, in connection with a letter circulated by the Canadian government office of tourism here in Ottawa. As I have mentioned, a good part of the economy of my riding is dependent upon the tourist trade, and thus I think one can understand the concern of many individuals in my area about this particular letter which was sent out by the director of marketing of the Canadian office of tourism. This letter was sent to many American fishermen, and it expounded the benefits derived from fishing in Canada. However, it goes on to indicate that the choice of fishing in Canada is almost boundless, and states that Canada offers the fisherman such a vast choice that it is hard to decide where to go. Then at that point the letter takes a specific turn and says:

Let me make a suggestion . . .

The letter then goes on for the next page and a half to list the greatness and attraction of fishing in the province of Quebec and suggests that recipients send for a free information kit. Now, Mr. Speaker, I am not for a moment denigrating the quality or attraction of the province of Quebec for the fishermen of America. I know that our neighbour to the east, as well as other provinces, have great and varied attractions for the American tourist, and I trust that many visitors will make use of those facilities. However, I do protest the fact that one particular province or region was given pre-eminence in a government publication which supposedly promotes tourism for all Canada. I suggest that the action taken by the federal government's office of tourism only further irritates the problems existing between various regions of this great country.

In this connection I have a letter from the Haliburton Highlands Chamber of Commerce, as well as a photostat of the letter sent out by the office of tourism. I know many other members have received complaints about this matter, and I think it only fair to the rest of Canada that some measures be taken to correct what I feel is a bias against a tourist industry which is to be enjoyed and wants to be enjoyed from coast to coast. In closing, I urge the government to give consideration to some of the matters I have raised and to initiate legislation that will permit the economies and labour force of all areas of Canada to grow.

## LETTERS

OTTAWA,  
April 20, 1977

The Minden Progress,  
Minden, Ontario.

Dear Editor:

We have just introduced new legislation in Parliament to amend the Criminal Code. Because many Canadians are particularly concerned about the subject of firearms control, we would like to explain briefly how the new bill would affect the ownership and use of guns.

We believe that most owners of firearms in Canada are serious, responsible people who handle their guns with care. In the talks that we have had with representatives of gun clubs and wildlife organizations, we have found that they agree with most Canadians who feel strongly that effective ways must be found to combat the growing trend towards firearms misuse by irresponsible, often troubled people.

To deal with the problem of firearms misuse, we are proposing firearms control policies and legislation designed to do three things:

- to keep guns out of the hands of people who might be dangerous users;
- to reduce the criminal misuse of firearms; and
- to encourage responsible gun ownership and use.

We feel that these are goals which all responsible gun owners can agree to and that they can be met without unduly interfering with the legitimate use that people make of their firearms.

At present, anyone, even those with a history of conviction for crimes of violence or records of treatment for mental instability involving violence, can buy firearms as easily and as quickly as one can buy a pair of socks. In our view, this is an undesirable, often dangerous situation. It has led to serious incidents in the past where innocent people have been senselessly injured or killed.

We propose to correct this through legislation which provides that anyone aged 16 or over who wishes to acquire a firearm, whether through purchase, gift or any other method, must first obtain a FIREARMS ACQUISITION CERTIFICATE. The certificate would be issued by a firearms officer (usually a police officer) once a check has been made to verify that the applicant has no recent record of criminal violence, firearms misuse or treatment for a mental disorder involving violence. Provision would be made to allow provinces to authorize hunting licences, gun club membership cards or competency certificates to substitute as Firearms Acquisition Certificates under certain circumstances. The new legislation would also allow provinces to activate a provision requiring proof of competency in firearms handling as a condition for issuing an F.A.C.

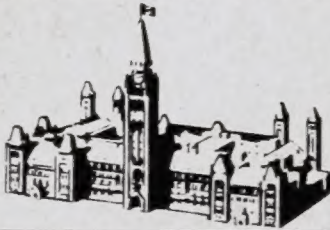

The Government recognizes that many gun owners teach their children to handle firearms responsibly at an early age. Therefore, the bill provides that persons under 16 may use firearms without a permit if they are in the presence and under the supervision of someone, such as a parent, who may lawfully use the guns. Persons under 16 may not purchase firearms, but if they are between the ages of 12 and 16 they may receive and use rifles and shotguns if they first obtain a permit. The permit is free, but an application for it must include the written consent of parents or guardians. It may also have conditions of supervision attached to it. Those persons under 16 who must hunt or trap for food to contribute to their support and that of their families may use a long gun without supervision if they first obtain a permit.

A problem about which we are becoming most concerned is the accidental misuse of firearms, especially where children are involved. Too frequently incidents occur where youngsters pick up carelessly-stored weapons and injure or kill themselves, playmates or family members. To deal with this situation it is proposed to make the careless use and storage of firearms an offence. In addition, we intend to work with provinces, police, and gun owners to promote responsible firearms ownership across Canada. To actively discourage the use of firearms by criminals, it is proposed to introduce stiff new minimum mandatory sentences for crimes where firearms are used. These are some of the major elements of the Government's proposed new firearms control legislation. We believe that all Canadians recognize the need for such measures which combat firearms misuse while interfering as little as possible with the legitimate use made of guns by responsible owners.

Yours truly,  
Ron Basford,  
Minister of Justice.

Francis Fox,  
Solicitor General of Canada.

## OTTAWA and Small Business

### Hired Economic Guns

by JIM SMITH

If all the economists on earth were laid end to end, someone once said, they wouldn't reach a conclusion.

...

Actually, there's a practical reason why economists never seem to agree: vested interests. Big business economists are hired to protect the interests of big business. Labour economists protect the interests of big labour. Government economists protect the interests of government. And so it goes. The little guys, of course, don't have economists so there aren't any economists to protect their interests.

...

In other words, there's really no such thing as a completely impartial economist. Moreover, since economic studies can be biased to show whatever the economist wants them to show, there's generally lots of impressive data to back up every side of just about any argument.

...

The recent federal budget for 1977-78 provides an excellent example of how professional economists can come up with policies that won't do much good for the country at large but do help out special interest groups.

...

In preparing the national budget, the government had to consider two forces — inflation and unemployment. Inflation was given top priority, particularly through continuation of the wage and

price controls. The "fight" against unemployment consists solely of a few dollars pumped into the neediest regions through traditional public works projects.

...

But there are attractive options to those hidebound traditional vested interest approaches to economic policy. In particular, there are radically different programs which can fight both inflation and unemployment as well as save precious energy and strengthen national unity. Government economists haven't recognized these options because they are unconventional. And economists are nothing if not conventional.

...

The Canadian Federation of Independent Business has dozens of programs which can meet all of these national goals. For instance, a nationwide insulation program would provide widespread employment, save money for consumers, and conserve our energy. Or a program to subsidize travel within Canada would keep tourist dollars at home, create numerous new jobs, and help Canadians better understand their country.

...

Still, the government continues to dip into its time-worn bag of traditional economic tricks. Its economists are too narrow-minded to find alternatives. And the big business or big labour economists are merely modern-day mercenaries, hired financial guns protecting the vested interests.

## Hall's Lake News

Doreen Stinson

Lovely sunny weather most of the week with cool breezes, some fog and some rain. Officially the ice went out of Hall's Lake on Monday, the 18th, and Mr. Wm. Donnelly of Mountain Lake, won the ice derby which Club 35 conducted as in other years.

Mr. Arthur Hunt was well enough to return to his home on Monday last, from the Hospital in Lindsay. He is feeling and looking very well and it is nice to see him out and about once again.

Church at Carnarvon Sunday morning was well attended and it is nice to hear that Mark Fennell is able to attend and is getting around quite well. The Rev. Douglas Miller took over the organ for a part of the service and reports are that he does very well in the musical line, as well as conducting a lovely church service.

St. Stephen's Church had the usual congregation present, and in the absence of the Rev. Douglas Brown, Mr. Lloyd Johnson took the service for Evensong. Next Sunday following the service there is to be a short meeting for the purpose of discussing church insurance, etc. and it is hoped all members will be on hand to voice their opinions.

The Stanhope Firemen are anxious to have us all keep Saturday, May 21st in mind for their yearly Auction Sale at the Fire Hall on the North Shore Road. They are having a Men's Cake Bake Judging and Auction, Bake Sale and Craft Sale and need all sorts of donations of everything but used clothing, and any of these would be appreciated. Watch for phone numbers for pick-up service.

Some of the folks on the Lake know Bob Morrow from being up here with his family over many Summers, from Hamilton. Bob is being married in May and we all send him and his bride our best wishes for an especially happy marriage. Bob played the organ in St. Stephen's Church on several occasions for the church services; he was a teacher, but is at present holding a responsible position on Hamilton City Council.

It is hoped the Dance in Minden in aid of the Fall Fair was successful. Some of the folks here at the Lake and Pine Springs were planning on attending.

Mr. and Mrs. Herb Bock spent the weekend with Mrs. Bock's brother over in Bracebridge.

Tonight, Monday, is the 100th regular meeting of Hyland Drest Auxiliary and it is hoped there will be a good number of people out to it. Homemade doughnuts and coffee will be served, courtesy of the Stinson's following the meeting.

Wednesday evening will be the regular meeting of Club 35 at 7.30 when plans for the summer activities will be discussed.

Bonnie Stinson Holliday drove home Saturday from Mount Forest and spent the weekend with her parents. She likes the Dentist in Haliburton to look after her teeth and drives 180 miles or so to keep her regular appointments!

Mrs. Florence Lindsay is spending this week and next with her daughters in Toronto, enjoying a holiday and visit with her family, and old friends.

Mrs. Althea Gartshore, Mrs. Norma Davies and Mrs. Audrey Wilkinson had afternoon tea following the afternoon service at St. Stephen's with Mrs. Stinson.

Mr. Leonard Stinson called on the Levitt's Sunday afternoon and is pleased to report that Mr. Levitt is progressing after a serious illness while on vacation in Florida.

Sympathy of the community goes out to the families of Mrs. Vincent Loucks and Mrs. Mae Macarthur of Minden, both well known to people of this area.

A new cottage has gone up on the Hawk Lake Road, built high on a hill and we note the name on it is 'Walton's Mountain'. I hope John Boy will come in and make himself acquainted!

Had a nice visit from Tony, Doreen and Mark Hale the other day who are happy to have settled in Apsley where Tony is on the Police Force. Tony is one of the local boys who joined the Armed Forces and received a good training and should make a good policeman.

One of these days we will be hearing a lot of blasting as the boys on the Township Crew are working on the widening of the Big Hawk Lake Road and that involves a lot of rock being moved out of the way.

Lovely weather for raking up the yard and soon the old paint brushes and ladders will be in evidence. We don't see too many truckloads of lumber going by these days and wonder if there will be as much construction as usual this Spring.

## Haliburton Highlands JOB OPPORTUNITIES

**More people than ever  
want to own  
their own home.**

**Ontario has a plan  
to make it easier.**

AHOP/HOME (Assisted Home Ownership Program/ Home Ownership Made Easy Plan) is a federal-provincial program designed to bring home ownership within the reach of moderate and lower income families by offering financial aid in the form of loans, subsidies and grants. How much aid you receive depends upon your household formation, income and the monthly carrying charges for your new home.

All types of new houses are eligible for assistance as long as they are AHOP qualified by Central Mortgage and Housing Corporation and are sold within the maximum AHOP prices in your municipality.

Through an AHOP Interest Reduction Loan, the first year's mortgage payments are reduced to an 8% interest rate. An AHOP subsidy of up to \$750 is available during the first year of occupancy so you would not spend more than 25% of your household income on mortgage payments and municipal taxes. You may also qualify for a Provincial HOME Grant of up to \$750 in the first year should your mortgage

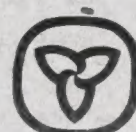

and tax payments still exceed 30% of your household income. Subsidies and grants are not repayable. Loan repayments begin in the seventh year of the mortgage.

If you are interested in buying a home under the AHOP/HOME Program, look in the real estate section of your newspaper for participating builders.

## Lindsay Little About Theatre features Thornton Wilder comedy

with Jeane Sears

Heard on the air that you receive an extension of two  
days on filing your Income Tax as the last day of this  
month is a Saturday.

Mrs. Tessa Davis sure had a surprise at the home of her  
daughter, Mrs. Garnet Stevenson, for her 85th birthday,  
the evening of April 21st when many of her friends and  
relatives gathered there for a little get-together to help  
her celebrate. She received long distance phone calls from  
her granddaughter Lola and friends Norma of Florida and  
her good friends Lilian and Bill Campbell of Willowdale, in  
the midst of her party. She said she sure had the surprise  
of her life and had received many flowers, gifts, cards and  
some money.

Time moves on—

If you would do a kindness, it is not wise to wait  
You never know how quickly it's going to be too late.

The A.C.W. had a very successful Rummage Sale at St.  
Paul's Parish Hall last Saturday afternoon.

Mrs. V. Cowan and Mr. and Mrs. Lyman Cox enjoyed a  
weekend with the Jack Cowans at Phelpsston.

Guest this past week with Mrs. Bill Moore was Mrs. Ben  
Harrison of Boshkung.

All their friends send good wishes to these people who are  
in or have been in hospital, Walter Austin, Helen Minto,  
Bill Moore and Dr. Thorlakson.

There was a happy party at the home of the Mervin Gil-  
berts on April 16th when friends and relatives came to  
celebrate the 80th birthday party of Mrs. Sandy Gilbert.

A little seed lay on the ground and soon began to sprout.  
'Now which of all the flowers around' it mused, 'Shall I  
come out?'

The lily's face is fair and proud, but just a trifle cold;  
The rose, I think, is rather loud, and the its fashion's old.  
The violet is all very well, but not a flower I'd choose;  
Nor yet the Canterbury Bell, I never cared for blues'.  
And so it criticized each flower, this supercilious seed,  
Until it woke one summer hour to find itself a Weed.

Rev. C. Naugle.

The community sends good wishes to these people at  
Hyland Crest having birthdays in April, Elizabeth Harrison,  
Zilpah Hie, Sophia Sanderson, Mary Jane Cooper and  
Margaret Austin.

At the weekly Mini Card Party at the Parish Hall last  
Thursday afternoon winners were for bridge, Helen Stott,  
for cribbage Fred Wright and Dora Dawson and for euchre  
Lore hands Nellie Graham and highs, May Wright and  
Audrey Wilkinson.

The U.C.W. had to postpone their sale of Nearly New  
articles until this Friday at the United Church Hall from  
11 am on.

Sincere sympathy goes to the families and friends of the  
late Emily Loucks, Mae MacArthur and Harvey Tripp who  
passed away since last week.

The Agricultural Committee of the Fair Board had a huge  
crowd at their Dance, Saturday night at the Recreation  
Centre. Very pleased it was so successful.

Last week, eight acting Librarians or Haliburton County  
Library Staff were in Lindsay at the Book Fair at the  
Armories. On display were many new children's books  
and those from our County made lists for suggested pur-  
chases. In the afternoon, Donald Jack, was there to auto-  
graph copies of his new book 'Sinc, Betty and the Morning  
Man' on personalities and the history of Radio Station  
CFRB. This Book Fair was arranged by Moti Tahiliani  
of Lindsay Public Library and we are sure everyone was  
pleased to see the Book Display by the Publishers and meet  
the talented Donald Jack.

Hint of the week, before hard boiling eggs, puncture the  
rounded end and use a bit of salt in the water.

Notice on the weekend our seasonal guests are here one  
more, smile and so use fewer muscles. Weatherwise some  
showers, cooler on Monday but the grass is getting greener  
and some garden flowers are out.

Cheerio until next time.

## Along The Trails

with  
The Highland Snowmobiler  
and Roy Bates

Great concern was expressed by several directors of the Haliburton County Snowmobile Association, at their meeting last week, that the club had reached the limit of its ability this year and that further development of new trails would extend the grooming needs beyond the capability of the club's equipment. 'Why', they asked, 'should a handful of volunteer workers struggle to locate and clear new routes if there aren't enough days in the week for the Bombis to get around them?'

As one who has watched the HCSA grow, in the short space of six years, from a very shaky beginning to the largest recognized snowmobile club in Ontario, I consider such thinking to be dangerously regressive and little short of defeatism.

There was no defeatism last summer when the club's president stuck to his guns and wheedled a promise of assistance out of the Wintario organization. Half of that grant has now been received and the other half will soon be forthcoming. It was not regressive thinking that submitted the club's fourth application for L.I.P. funds even though all three previous attempts had been unsuccessful. Nor was defeatism in evidence when the HCSA took on the formidable Algonquin Park Authority in September and won continued use of the Whitney hydro line trail. And it was hardly a defeatist attitude that led the Association to purchase a second grooming unit in order to double its trail maintenance capacity. Why, then, would the same eager beavers who carried the club to the heights of success suddenly adopt an attitude that would stifle further forward movement?

Perhaps they are tired! Tired of giving up their own leisure time in order to provide better recreation for others! Tired of poring long hours over ledgers and pay-rolls and endless reports to the Government! Tired of organizing special rides and social events that few seem to appreciate! And tired of being hounded by the unthinking snowmobilers who always expect their favorite trails to be groomed first! Is it any wonder that enthusiasm has begun to wane?

You, dear reader, can pull the fat out of the fire. You who are the general snowmobiling public, whether or not you are numbered among the club's three hundred members, can tender your vote of thanks to these workers, and at the same time pledge your support for future development, simply by being present for the next general meeting, 1 pm., Sunday, May 22nd, at the clubhouse at Donald.

At this meeting, or shortly thereafter, the Association will have to make some very important decisions. You can help them. You can make the proposals, and support the resolutions, that will guide the elected directors into the right course of action. You, some of you, can find your place at the boardroom table where you will be the representatives of the snowmobilers and the businesses in your respective areas. Yes, for some of you the time has come to jump in and get your feet wet. And you couldn't take over at a more opportune time.

Recent official Government studies have indicated that the next few years will bring a substantial increase in leisure time, and this will be reflected in an upsurge of tourist activity and sustained growth in the recreation industry. Snowmobiling is but one part of that industry, but it is a most important part. Its impact on the

"Wives and watermelons  
are picked by chance."

**754-2525**

economy is tremendous while its effect on the environment is slight. It is, in fact, the least objectionable of all motorized recreations, and like boating, appeals to all age groups. It has become the winter replacement for the boat in the family unit.

The Ontario Trails Council, anticipating an upsurge in trail-related recreations, is busily preparing its proposals to Government for a comprehensive trails policy. Mr. William Coates, the Council's chairman, has stated that the Northern areas with much Crown Land will lend themselves readily to trail programming while densely populated Southern areas will be difficult. He suggested that benefits to tourism will be a prime consideration.

Where does this leave Haliburton? Right smack in the best possible position to become the playground of the

1980s! If, in fact, that is what we want for Haliburton. If it is, then let's move the ball!

The HCSA that has plodded forward over the past six years, first defending the snowmobiler against his adversaries, then improving facilities for his recreation, now stands at a crossroads. Should it, as some directors are suggesting, consolidate its successes by resolving to maintain its present trail system and no more, or should it go all out and extend its efforts not only to additional snowmobile trails but to trails for other uses as well? The answer to that question - and I submit there is only one acceptable answer - must come, jointly on May 22nd, from the trail users of the County and the County's business community. Tell the HCSA what you want for your County, and we'll pledge to help you get it!

# 1977 deer season set for Ontario

Ontario's 1977 deer seasons were announced Monday by Natural Resources Minister Frank S. Miller. He said that seasons in Northwestern Ontario remain basically unchanged from 1976. In the traditional eastern deer range, however, seasons open six days later to allow the hunt to start, as last year, on the first Monday in November.

The area surrounding Algonquin Provincial Park; south of the Mattawa River, Highway 124 and the Magnetawan River and north of Highway 7, is placed into one zone with an open gun season for both residents and non-residents from November 7 to November 12.

'The deer population in this area is currently at low levels. It could be affected by hunting, so the seasons are kept short to limit the harvest', Mr. Miller said.

Deer numbers are on the rise in agricultural Southern and Southwestern Ontario, where habitat and winter severity do not markedly restrict deer populations. Much of the southwestern part of the province comprises one large archery hunting zone. The archery season for this area, for residents only, is from October 24 to December 10.

Other seasons in Southern Ontario are essentially the same as those in 1976, opening on November 7, the first Monday in November.

## Average Baseball salary \$95,149

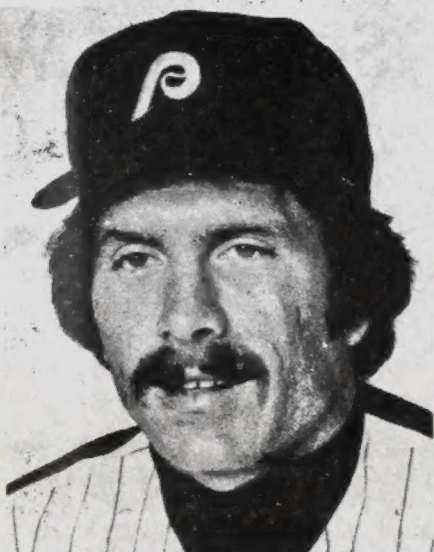

by  
CLIFF  
BURKE

Joe Morgan: \$400,000.

Gary Matthews: \$400,000.

Mike Schmidt: \$400,000.

Pete Rose: \$350,000.

In today's money market your Babe Ruth wouldn't even make the 'team'. Fifty years after his heyday, Ruth still generally is looked upon as the greatest baseball player who ever lived but his top salary of \$80,000 a year would hardly qualify him as much more than a bench warmer in light of the salaries being paid in the major league today. But that's inflation for you. Average salary for players in this year's opening day line-up, according to a United Press International survey, was \$95,149.19 and high as that figure has climbed, it still falls below the average professional basketball player's salary. The last time basketball took a reading, the average player's yearly earning came to \$109,000. Baseball's highest paid players, based on salary alone, are Joe Morgan of Cincinnati, Mike Schmidt of Philadelphia and Gary Matthews of Atlanta, all at the \$400,000 a year level.

Pete Rose, who finally signed his contract on the eve of opening day after a prolonged wrangle with the Reds, is right behind Morgan, Schmidt and Matthews in fourth place with \$350,000. Steve Garvey of the Dodgers wounds out the first five with \$330,000. Ten players in the majors are making \$250,000 a year or better, the UPI survey shows, while at the other end of the scale, only 13 players in this year's opening day lineups were at the \$19,000 level, 4 of these are on the Toronto Blue Jays, the major league minimum. The National League, generally speaking, pays its players better than the American League. Using the opening day starting lineups, the N.L. averaged \$1,009,416 in salaries per team, while the A.L. averaged only \$820,285 even though the A.L. team had 10 players in its lineup because of the designated hitter while the N.L. teams had only nine.

As a team, again going strictly by the starting lineups, the Reds players are the highest paid with the \$1.7 million total. Second to the Reds in the N.L. are the Dodgers with their \$1,443,000. Toronto and Cleveland were the only clubs without a six-figure salaried player in their opening day lineups, although pitcher Wayne Garland of the Indians, who signed as a free agent, received \$225,000 a year.

### Merchants

FROM P. 11

London finished second with 68 points. noon at 1 pm. Players who have been practicing with the team and those others who have expressed an interest in turning out for the squad are: Jack Snell (playing coach), Rick Hartwick, Dave Dollo, Cliff Burke, Craig Morrison, Dave Hartwick, Barry Shaw, Kirk Hewitt, Dave Trepanier, Leigh Bull, Royce Miller, Ron Reid and Peter Putnam. Home games for each of the teams now entered are: Minden - Wednesday 8 pm., Haliburton - Thursday 8 pm., Bobcaygeon - Friday 8 pm., Fenelon Jrs. Tuesday 8 pm., and Beaverton Monday 8 pm.

Men's, Ladies teams disappoint

## Mixed Team finishes 18th at Carling O'Keefe Open Championships

Mixed Team

Ladies Team

Men's Team

This past Easter weekend will not be looked back on by the 1000 Lakes Bowlers Association as one of their finer memories. The occasion being, the Carling-O'Keefe Open 5-Pin Bowling Championships in Hamilton.

The only bright spot in this year's Championships, was the improvement of the 1000 Lakes Mixed team, from last a year ago, to 18th this year. This fine squad was comprised of Virna Wagg, Pearl Foster and Wes Stata of Carnarvon Lanes, Joan Deyell and Mark Barton of Fenelon Lanes and Stan Dunford, and Cecil Burke of Bancroft Lanes. This team was ably coached up the ladder by Eddie Cox of Carnarvon.

The Ladies team consisting

of Shirley Wilson and Kay Osler of Fenelon Falls, Audrey Fountain, Marnie Robinson and Ev Stata of Carnarvon and Gloria Searle of Bancroft dropped one place from last year, to 20th.

The men's team was the biggest disappointment of all, falling all the way to 21st from 16th last year. With a much stronger team, we thought, of the two teams to date, this sextet never got off the ground. Not only did the games not come for the frustrated bowlers, but their top gunner, Bill Korz of Fenelon, came down with the flu and that seemed to deflate the entire team. However, there is always next year and this reporter feels that if the same team was to go again,

they would finish in the top fifteen. Joining Bill on the team were Steve Barton, also of Fenelon, Ronnie Robinson Jr. and Fred Cox of Carnarvon and Hank Searle, and Bill Phillips of Bancroft.

Our three singles shooters in both men's and ladies' play, also fared poorly, with only Bill Korz making it past the first four game block.

The Ontario Champions in each division who will now represent this Province at the World Championships in Niagara Falls in May are: Men - Huronia Bowlers Association with a total pinfall of 10,565 and winners of the \$1,000.00 first prize. Hamilton Ladies will represent the Hamilton Bowlers Assoc. with a total pinfall of 9,985 and \$1,000 winners.

## Minden Merchants enter new Tri County league

The softball fans around Haliburton County will be treated to some excellent senior softball this spring and summer. Last week at a meeting in Fenelon Falls, the Minden Merchants and Haliburton Huskies entered the newly formed Tri County Senior Fastball league. Three other teams have entered to date, Fenelon Falls Juniors, Bobcaygeon Ti-Cats and Beaverton. There could be three or four more before the season opens. These could be Fenelon and Lindsay teams.

Entry fee for all teams in the new league will be \$25 and each team must put up a \$50.00 bond which they will receive back at the end of the season.

Only O.A.S.A. Umpires who

have passed a written exam will be allowed to officiate at all games. A clinic is proposed for Fenelon Falls later in May, for anyone interested from Minden or Haliburton, in umpiring this year. For more information contact Cliff Burke at the Minden Progress.

After a long absence, it

will be nice to see the Minden Merchants back in action in Minden. The new uniforms will be Royal Blue pants with White shirt and Royal Blue merchants names on the back.

The Merchants will be holding two practices this week, Wednesday evening at 7 pm and Sunday after-

Scarborough Bowlers Association captured the Mixed title, with a total pinfall of 10,234 and a cheque for \$1,000.00.

Joyce Waite of London Bowlers Association took the Ladies Singles Crown with 2204 for her 8-game block. Lloyd Ormerod of Hamilton won the Men's

Singles Crown for the second straight year, with 2462 for 8-games. Both bowlers took home cheques for \$500 for their fine performances.

Top individual performances in the tournament went out to Evelyn Wood, Hamilton, 1171 for 4 games, Ron Zapotichny of

Bay of Quinte, 1260 for 4 games. High singles were rolled by Mickey McNeil of Scarborough, 399 and Bruno Blassutti, Nickel District, 395.

The 1977 Aggregate Winner was Hamilton Bowlers Association, with 79 points.

## Dies suddenly

MAE MACARTHUR

The community was saddened to learn of the sudden passing of popular, long-time Minden resident Mae Louise MacArthur, last Saturday at Ross Memorial Hospital, Lindsay.

In her 81st year, Mrs. MacArthur was born and raised in Minden where she lived all her life.

A member of St. Paul's Anglican Church and a life member of the Minden Women's Institute, Mrs. MacArthur is the daughter of the late John Welch and Elizabeth Epton; beloved wife of the late Wilmer MacArthur; dear mother of Corinne (Mrs. John Fleming), Betty (Mrs. Peter Hearn) of Tunbridge Wells, England and John of St. Thomas. She is also survived by 10 grandchildren and two great grandchildren; dear sister of Alice (Mrs. Clarke) and Ethel (Mrs. N. Leigh).

Mrs. MacArthur rested at the Funeral Chapel of John Welch and Son Ltd., Minden, then to St. Paul's Anglican Church in Minden for Requiem Mass with Interment at Minden Cemetery.

## NOTICE

Under the Forest Fires Prevention Act, The period from April 1 to October 31 in each year shall be a fire season.

- Fire permits are required in a fire district
- for all outdoor burning except cooking or obtaining warmth
  - to ignite fireworks within 1000 feet of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 1000 feet of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland.

Fire permits may be obtained from local Ministry offices or township fire wardens.

**atrixo**

Atrix is different! It protects your hands with silicone which acts like an invisible glove. This creates a barrier against the harmful effects of climate and daily work inside and outside the home. Try Atrix! Apply a small amount and see how a little goes a long way.

**GUARANTEE** If you are not convinced that Atrix helps to keep your hands in better condition than any other hand care product, then return the container and we will refund your money.

**"It's 2 A.M. and I feel rotten.  
Who has time  
to read medicine labels?"**

Sorry, there is no excuse for not reading the medicine label. The label tells you what it's for, how much to take and how often to take it. It's important information. Before you take any medicine, read the label. Medicines can't help you if you don't take them right.

COUNCIL ON FAMILY HEALTH.

## CARD OF THANKS

I would like to thank the many people who contributed toward the television set which I received on April 24, 1977. It will bring me many hours of pleasure as I continue to convalesce. Special thanks to everyone at Mr. Fogg's Restaurant and the High School.

My appreciation also to the host of friends and relatives who have done so much for me and my family in the way of gifts, and deeds and prayers since October. Your concern has been a wonderful source of help. Mark Fennell 739-1c

We would like to thank all the generous people who made our County Fair Dance such a success. To all who sold tickets, donated food, money, prizes, time, and the good music by the Misty River Ramblers. Most of all, to the wonderful crowd from the County, as well as Uxbridge, Newmarket, Utterson, Combermere, Whitney, Little Britain and Lindsay.

To each and every one 'Thank You'. Food Booth Committee Haliburton County Fair, Minden.
